Application for Graduation with Distinction in Biology

Your last name:

Your first name:

Your last name:

Your email:

Verify your email address:

Term you intend to submit final thesis:

- Spring/May 2024
- Fall/Dec 2023
Your year in school:

- Senior
- Junior

Please verify that you are a Biology major (non-majors wanting to write a thesis on biological sciences research need to apply for Distinction Outside the Major through Trinity College):

- Yes, I have a first or second major in Biology.

Research Supervisor's first name. Should be the lab's Principal Investigator or faculty member most closely associated with your project, not the grad student/post-doc who may be your primary mentor. Duke Med Center faculty are fine.

Research Supervisor's last name:

Research Supervisor's email address:
Department where project will be/has been conducted - this should be your Research Supervisor's Department:

- Biology
- Biochemistry
- Cell Biology
- Immunology
- MGM
- Neurobiology
- Pathology
- Pharmacology and Cancer Biology
- Duke Marine Lab
- Medicine (specify division or dept if applicable)
- Other (please specify)

How many terms (summer counts as 1 term) have you worked on this project, including Fall 2023 (if appropriate)? This includes any work on a project, including Independent Study, paid work, volunteer, fellowship, etc:

- 1 term
- 2 terms
- 3 terms
- 4 terms
- 4+ terms

Draft/Working thesis title (80 character max):

Project proposal/abstract (250 word max): must be written by you and clearly articulate your research question and proposed methodologies. Project should be of substantially biological character.
Your final thesis will be saved in a secure digital archive inside the Duke Biology Department. Because the work described in your thesis may include data that is not yet published, posting or publishing your thesis in any other archive or website may not be allowed. It is important that you consult with and get approval from your PI before posting your thesis to any other site, including DukeSpace, the Duke Library archive of theses and dissertations.

☐ Yes, I have read & pledge to get my research supervisor's approval before publishing/posting my thesis
